

GENERATOR

Procurement Opportunity:
**Music Manager
Project Lead**

Overview

Generator in tandem with the MMF are looking for an experienced music manager to oversee a new training scheme. Experienced in music management, and the wider music industry, they should be 'on top of' the ever changing landscape that current managers now operate in. The programme will last approximately 6 months & you will be expected to mentor the managers, responding to their individual needs as each manager will have different levels of experience and a business unique to them, alongside delivery of various training units provided by the MMF.

Responsibilities include:

- Identifying suitable managers through your own networks as well as those who apply directly to Generator
- Giving each manager 2 hours of direct 1:1 support per week and a 4 hour monthly planning session. You will also be expected to make monthly trips to London for MMF sessions
- Working with managers to develop their client base
- Giving the manager a toolkit to enable them to operate independently once your mentoring ends
- Leading on workshops for larger groups of managers at an early stage in their career
- Alongside the managers in the project, develop and deliver modules for a new level 3 in music management, signed off by MMF and successfully accredited with our partners

A successful candidate will have:

- Experience and passion for working in the music sector
- A proven track record in music management, artist management, publishing, etc
- A passion for the North East music scene
- A demonstrable network to assist professionals
- An understanding of level 3 requirements

Contract value:

- Total contract value of up to £9000. Total expected hours are projected to be 302 across the 6 month period.

Schedule:

3

- To be confirmed.

About Generator

A thriving place needs a soundtrack.

Music can be what brings people somewhere, and what keeps them there. It can be how we tell the world who we are and what we're about. It can be work, community and a sense of purpose and belonging. Too often the music industry is boxed off, treated either as a standalone attraction or something people do just for the love of it.

The reality is that music is an integral part of a successful economy, and for somewhere like the North East it is a fundamental pillar of our regional identity. Young people growing up in the North East deserve an accessible music industry on their doorstep. They deserve an industry which provides recognised pathways for artists, and sustainable careers around them - in production, in venues, in management, and in the dozens of other professions it takes to put a musician on tape or on the stage. That's what Generator exists to build.

Generator's mission is to create, develop and maintain a sustainable music industry in the North East that ensures access for all

We want to make noise here in the North, retain talent and develop powerful pathways into the industry, without the need to leave the area.

Applications

**Applications should be sent to:
